

Information Workshops

Autism Hampshire will be holding 6 FREE TO ACCESS Autism Support and Information workshops for families of children and young people who are awaiting an autism assessment on the Isle of Wight

Please get in contact to book your place if you are awaiting assessment through the Psicon or Healios Services

Workshop Details

The aim of the sessions is to provide insight, advice and support prior or during a child's assessment and diagnosis. Each session will explore a different aspect of your child's unique way of experiencing the world, and suggest practical ways in which their differences can be accommodated and supported.

What will happen at the group?

Each workshop is 3 hours long. The first part consists of a presentation after which there will be an opportunity for questions. The workshops are open to family members and others closely associated with the care and support of the child.

The course is open to professionals only if they are attending in their capacity as parent or carer.

Schedule:

Workshop 1 - Introduction into Autism

This session will provide some general context for the other sessions.

Workshop 2 - Thinking

Explores differences in brain structure and how this generates some unique styles of thinking. It includes some practical suggestions on how to support areas of difficulty.

Workshop 3 - Communication

Discussing autistic perspectives on the use and processing of communication and strategies for adapting interactions.

Workshop 4 - Social Interaction

A focus on rethinking social expectations concerning your child and developing relationships.

Workshop 5 - Sensory Perception

Looking at sensory perception, how it manifests itself in behaviour, and strategies to either alert or calm your child as appropriate.

Workshop 6 - Behaviour

Explore how accepting, understanding and adapting to how your child sees the world can dramatically reduce anxiety and behaviours of concern.
